

Rubric for Step 4:
Name(s):

Rate how well the student(s):

- **Summarized and explained the impact of the country's geography to the current conflict and the use of child soldiers:**
 - Outstanding (Clearly summarized and explained in-depth a number of ways geography contributed/did not contribute to the current conflict and the use of child soldiers)
 - Excellent (Clearly summarized and explained in-depth a few ways geography contributed/did not contribute to the current conflict and the use of child soldiers)
 - Good (Clearly summarized and explained in-depth at least one way geography contributed/did not contribute to the current conflict and the use of child soldiers)
 - Adequate (summarized one way geography contributed/did not contribute to the current conflict and the use of child soldiers, and gave a cursory explanation)
 - Poor (Neither summarized nor explained how geography contributed/did not contribute to the current conflict and the use of child soldiers)

- **Summarized and explained the impact of the country's history and politics to the current conflict and the use of child soldiers:**
 - Outstanding (Clearly summarized and explained in-depth a number of ways history and politics contributed/did not contribute to the current conflict and the use of child soldiers)
 - Excellent (Clearly summarized and explained in-depth a few ways history and politics contributed/did not contribute to the current conflict and the use of child soldiers)
 - Good (Clearly summarized and explained in-depth at least one way history and politics contributed/did not contribute to the current conflict and the use of child soldiers)
 - Adequate (summarized one way history and politics contributed/did not contribute to the current conflict and the use of child soldiers, and gave a cursory explanation)
 - Poor (Neither summarized nor explained how history and politics contributed/did not contribute to the current conflict and the use of child soldiers)

- **Summarized and explained the impact of the country's society and economics to the current conflict and the use of child soldiers:**
 - Outstanding (Clearly summarized and explained in-depth a number of ways society and economics contributed/did not contribute to the current conflict and the use of child soldiers)

- Excellent (Clearly summarized and explained in-depth a few ways society and economics contributed/did not contribute to the current conflict and the use of child soldiers)
- Good (Clearly summarized and explained in-depth at least one way society and economics contributed/did not contribute to the current conflict and the use of child soldiers)
- Adequate (summarized one way society and economics contributed/did not contribute to the current conflict and the use of child soldiers, and gave a cursory explanation)
- Poor (Neither summarized nor explained society and economics contributed/did not contribute to the current conflict and the use of child soldiers)

Rate how creative the team's presentation was:

- Extremely!** It looked like it was done by professionals!
- Very!** It was extremely engaging for a student effort.
- Somewhat.** The rest of the class paid attention
- Poor.** Those watching/reading practically fell asleep.
